Email: clerk@caverswall.staffslc.gov.uk

Chair of the Council: Cllr Paul Roberts

Parish Clerk: Mrs Lynn Cantlay

Precept statement for 2021-22

Every January Caverswall Parish Council hold a budget meeting to discuss the financial requirements needed to run the Parish Council during the following financial year, this budget is referred to as the Precept.

At our meeting on 4th January we discussed what would be required to run the Parish Council efficiently in 2021-22.

When considering the budget requirement we take into account many things including the Parish Clerks salary - our only Employee, office expenses, general maintenance of the Parish and also any current and future projects within the Parish.

Taking everything into account we have set out Precept requirement figure for 2021-22 at £8250.00, the same amount as in 2020-21. However due to an increase of four Band D properties in Caverswall to 406, this actually equates to a decrease of 0.97% in 2020-21 and means that the Band D properties rate in Caverswall will be £20.32.

The Precept is received from Staffordshire Moorlands District Council and the Band D property rate is used by them when calculating Council Tax bills.

This is the eighth year running we have not increased our Precept requirement quite an achievement in the current economic climate. By reducing our budget every household in Caverswall benefits from the reduced Band D property rate.
